## **Independent Auditor's Report**

Board of Directors  
Ventura County Regional Energy Alliance  
Ventura, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Ventura County Regional Energy Alliance (VCREA) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise VCREA's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Ventura County Regional Energy Alliance as of June 30, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Report on Summarized Comparative Information***

We previously audited VCREA's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 23, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2021 on our consideration of VCREA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering VCREA's internal control over financial reporting and compliance.

## ***Ventura County Regional Energy Alliance***

### **Management's Discussion and Analysis For the Year Ended June 30, 2021**

---

As management of the Ventura County Regional Energy Alliance (VCREA), we offer readers of VCREA's financial statements this narrative overview and analysis of the financial activities and performance of VCREA for the fiscal year ended June 30, 2021. Please read it in conjunction with additional information that we have furnished in the accompanying basic financial statements, which follow this section.

#### **Financial Highlights**

- VCREA's net position increased by \$44,875 from \$123,509 to \$168,384 resulting from the completion of several contracted programs and grant projects in the current year.
- Total revenues from all sources decreased by 20.58% or \$86,481, from \$420,299 in 2020 to \$333,818 in 2021. The decrease is due to the reduction of funding from the Local Government Partnership agreement, as well as the conclusion of Electrical Vehicle Readiness Communities Challenge grant in early 2021.
- Total expenses for VCREA's operations decreased by 31.93% or \$135,541, from \$424,484 in 2020 to \$288,943 in 2021. The decrease is directly related to the reduction in contracted services revenue to support VCREA's involvement with various projects.

#### **Using This Financial Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities and performance of VCREA using accounting methods similar to those used by private sector companies. The Statement of Net Position includes all of VCREA's investments in resources (assets) and its obligations to creditors (liabilities). It also provides the basis for computing a rate of return, evaluating the capital structure of VCREA and assessing the liquidity and financial flexibility of VCREA. All of the current year's revenues and expenses are accounted for in the Statement of Activities. This statement measures the success of VCREA's operations over the past year and can be used to determine VCREA's profitability and creditworthiness.

#### **Financial Statements**

##### **Statement of Net Position and Statement of Activities**

One of the most important questions asked about VCREA's finances is, "Is VCREA better off or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about VCREA in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies and public enterprise agencies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

## Ventura County Regional Energy Alliance

### Management's Discussion and Analysis For the Year Ended June 30, 2021

---

#### Financial Statements (continued)

#### Statement of Net Position and Statement of Activities (continued)

These two statements report VCREA's net position and changes in net position. Think of VCREA's net position – the difference between assets and liabilities – as one way to measure VCREA's financial health, or financial position. Over time, increases or decreases in VCREA's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in VCREA's grant funding and availability to assess the overall health of VCREA.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the basic financial statements can be found on pages 11 through 14.

#### Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of VCREA, assets of VCREA exceeded liabilities by \$168,384 as of June 30, 2021, compared to the \$123,509 at the end of the fiscal year 2020.

#### Condensed Statement of Net Position

	<u>2021</u>	<u>2020</u>	<u>Change</u>
Assets			
Current Assets	\$ 182,060	155,377	26,683
Total	<u>182,060</u>	<u>155,377</u>	<u>26,683</u>
Liabilities			
Current Liabilities	<u>13,676</u>	31,868	(18,192)
Total liabilities	<u>13,676</u>	<u>31,868</u>	<u>(18,192)</u>
Net position			
Unrestricted	<u>168,384</u>	<u>123,509</u>	<u>44,875</u>
Total net position	<u>\$ 168,384</u>	<u>123,509</u>	<u>44,875</u>

*Ventura County Regional Energy Alliance*

**Management's Discussion and Analysis  
For the Year Ended June 30, 2021**

---

**Financial Analysis (continued)**

**Condensed Statement of Activities**

	<u>2021</u>	<u>2020</u>	<u>Change</u>
Expenses			
Energy program	\$ 288,943	424,484	(135,541)
Total Expenses	<u>288,943</u>	<u>424,484</u>	<u>(135,541)</u>
Program revenues	<u>333,818</u>	<u>420,299</u>	<u>(86,481)</u>
Total revenues	<u>333,818</u>	<u>420,299</u>	<u>(86,481)</u>
Change in net position	44,875	(4,185)	49,060
Net position - beginning	<u>123,509</u>	<u>127,694</u>	<u>(4,185)</u>
Net position - ending	<u>\$ 168,384</u>	<u>123,509</u>	<u>44,875</u>

The statement of activities shows how the government's net position changed during the fiscal year. In the case of VCREA, net position increased by \$44,875 during the fiscal year ended June 30, 2021.

**Requests for Information**

VCREA's basic financial statements are designed to present users with a general overview of VCREA's finances and to demonstrate VCREA's accountability. If you have any questions about the report, annual financial statement or need additional information regarding operating activities please contact the Ventura County Regional Energy Alliance, County of Ventura, 800 South Victoria Ave L #1940, Ventura, California 93009.

The accompanying notes are an integral part of these financial statements.

**VENTURA COUNTY REGIONAL ENERGY ALLIANCE**  
**Notes to the Basic Financial Statements**  
**Year ended June 30, 2021**

---

**Note 1: Reporting Entity and Summary of Significant Accounting Policies**

**A. Organization and Operations of the Reporting Entity**

Formed in July 2003, the Ventura County Regional Energy Alliance (VCREA) is a Joint Powers Authority (JPA) composed of public agencies working in collaboration to approach the availability, reliability, conservation and innovative use of energy resources in the Ventura County region. The current JPA consists of the County of Ventura and the cities of Ventura, Oxnard, Santa Paula, Fillmore, Port Hueneme, Simi Valley, and Thousand Oaks, along with the special districts of the Ventura Regional Sanitation District, Calleguas Municipal Water District, the Ventura County Community College District and the Ventura Unified School District.

Formed as a JPA, each member in VCREA has designated a locally elected public official to serve as a Member of the Board.

**B. Basis of Accounting and Measurement Focus**

VCREA reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise. Revenues and expenses are recognized on the full accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of when the related cash flows take place.

Operating revenues result from exchange transactions associated with the principal activity of VCREA. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues result from non-exchange transactions in which VCREA gives (receives) value without directly receiving (giving) value in exchange.

**C. Financial Reporting**

VCREA's basic financial statements are presented in conformance with the generally accepted accounting principles. VCREA has elected to follow all pronouncements of the Governmental Accounting Standards Board (GASB).

**D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position**

**1. Use of Estimates**

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**VENTURA COUNTY REGIONAL ENERGY ALLIANCE**  
**Notes to the Basic Financial Statements (Continued)**  
**Year ended June 30, 2021**

---

**Note 1: Reporting Entity and Summary of Significant Accounting Policies,  
continued**

**D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of  
Resources, and Net Position, continued**

**2. Cash and Cash Equivalents**

VCREA considers all highly liquid investments with initial maturities of three months or less to be cash equivalents.

**3. Deferred Outflows and Inflows of Resources**

Deferred outflows of resources are transactions that result in the consumption of net position in one period that are applicable to future periods and are not considered assets. Deferred outflows of resources are required to be presented separately after assets on the statement of net position.

Deferred inflows of resources are transactions that result in the acquisition of net position in one period that are applicable to future periods and are not considered to be liabilities. Deferred inflows of resources are required to be presented separately after liabilities on the statement of net position.

**4. Net Position**

The financial statements utilize a net position presentation. Net position is categorized as follows:

- **Net investment in capital assets** – This component of net position consists of capital assets, net of accumulated depreciation reduced by any debt outstanding against the acquisition, construction or improvement of those assets.
- **Restricted net position** – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- **Unrestricted net position** – This component of net position consists of net position that do not meet the definition of *restricted* or *net investment in capital assets*. VCREA's policy is to consider restricted net position to have been depleted before unrestricted net position.

**5. Comparative Data**

Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the government's prior year financial statements, from which this selected financial data was derived.

**VENTURA COUNTY REGIONAL ENERGY ALLIANCE**  
**Notes to the Basic Financial Statements (Continued)**  
**Year ended June 30, 2021**

---

**Note 2: Cash and Investments**

Cash and cash equivalents as of June 30, 2021 consist of the following:

	<u>June 30, 2021</u>
Deposits held with financial institution	<u>\$ 97,397</u>

***Authorized Deposits and Investments***

VCREA's investment policy only authorizes investments in the local government investment pools administered by the Ventura County Treasurer – Ventura County Pooled Investment Fund (VCPHF) and financial institutions.

***Custodial Credit Risk***

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and VCREA's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. VCREA had deposits with a bank in the amount of \$103,724 at June 30, 2021. Bank balances are federally insured up to \$250,000.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Code and VCREA's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools.

***Interest Rate Risk***

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. The longer the maturity an investment has, the greater its fair value has sensitivity to changes in market interest rates. VCREA's investment policy does not discuss interest rate risk.

**VENTURA COUNTY REGIONAL ENERGY ALLIANCE**  
**Notes to the Basic Financial Statements (Continued)**  
**Year ended June 30, 2021**

---

**Note 2: Cash and Investments, continued**

***Credit Risk***

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

***Concentration of Credit Risk***

VCREA's investment policy contains no limitations on the amount that can be invested in any one governmental agency or non-governmental issuer.

***Fair Value Measurement***

VCREA has no investments subject to the fair value measurement hierarchy.

**Note 3: Employee Benefits and Pension Plan**

The County of Ventura has contracted to provide staff to VCREA. As employees of the County of Ventura, they will continue to participate in the cost sharing employer contributory defined benefit pension plan administered by the Ventura County Employees' Retirement Association and other post-employment benefits plan. These benefits are handled by the County of Ventura. Payroll for these employees is processed by the County of Ventura Auditor-Controller's Office payroll section. Total costs of payroll and benefits are reimbursed by VCREA to the County of Ventura throughout the year.

**Note 4: Contingencies**

***Litigation***

In the ordinary course of operations, VCREA is subject to claims and litigation from outside parties. As of June 30, 2021, VCREA believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

**< Page Intentionally Left Blank >**

# **Report on Internal Control and Compliance**

**< Page Intentionally Left Blank >**

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

**Independent Auditor's Report**

Board of Directors  
Ventura County Regional Energy Alliance  
Ventura, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Ventura County Regional Energy Alliance (VCREA) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise VCREA's basic financial statements, and have issued our report thereon dated December 31, 2021.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered VCREA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of VCREA's internal control. Accordingly, we do not express an opinion on the effectiveness of VCREA's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether VCREA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Davis Farr LLP*
