WHAT WE DO

Residential

Improve Energy Savings, Home Comfort and the Environment

Local Government

Support Public Agency Collaboration for Healthy and Sustainable Communities

Business

Provide solutions to Save Energy, Improve Efficiency, and Increase Profit Margins

Education and Special Districts

Assistance in Achieving Sustainability Goals

WHAT WE'VE BEEN WORKING ON

Transportation Electrification

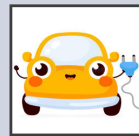

Ready, Set, Go Electric

Received an Energy Commission grant for ~\$4M and are working to implement five projects identified in the Ventura County EV Blueprint.

Drive Electric Earth Week

Collaborated with Electric Drive 805 and EV Advocates of Ventura County to host several EV-related activities, including an Evie McWheeler coloring Contest, EV Movie Night, and Virtual Green Car Show.

National Drive Electric Week

Hosted an EV Car Show and Ride n' Drive event at the Channel Islands Harbor with more than 650 people and 64 EVs participating in the event.

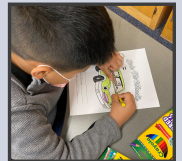

Electric Drive 805

Participated in the Steering Committee to conduct multi-lingual EV outreach and electrified transportation advocacy to develop new charging infrastructure in the South Central Coast Region.

Clean Air Day

Partnered with EV Advocates of Ventura County and the Ventura County STEM Network to develop fun EV-related Clean Air Day activities, including the Evie McWheeler Coloring contest where 25 teachers and more than 360 students from Oak Park, Oxnard, and Camarillo participated.

Central Coast Clean Cities Coalition

Joined C5 and successfully advocated for Electrify America to include the Oxnard-Thousand Oaks-Ventura metro area in their Cycle 3 charging infrastructure investments.

CALeVIP

Partnered with Ventura County Air Pollution Control District and Clean Power Alliance to initially bring ~\$5M in charging infrastructure incentives to the Ventura County Region. To date, more than 130 applications have been submitted.
